## FIFTH AVENUE AND 30TH STREET. MONDAY, APRIL 27.

The public are cordially invited to inspect the decorations of this building, which are novel and rare.

The line of goods which will be exhibited and sold embraces a number of special patherns controlled exclusively by us, and includes the largest collection of fine imported goods ever shown in this country, made by the best manufacturers in England, France, and Germany, and a large variety of new productions from our own manufactory, which we guarantee to be absolutely free from any poisonous matter.

Protected by Patents. Awarded Gold Medal at London Health Exhibition,

The adaptability of

## LINCRUSTA-WALTON.

The new material for decoration, will be shown in many designs and uses, as well as its superiority as a plastic material in high relief.

Notwithstanding the adverse criticism of those firms whose interests are not identical with Lincrusta-Walton, this Exhibition will convince the public that no other material is in any way its equal for durability, beauty, and as a sanitary wall covering.
